The Fox River Cleanup Project is a multi-year effort to reduce the levels of Polychlorinated Biphenyls (PCBs) in the lower Fox River, from Little Rapids to the Bay of Green Bay. The project includes dredging and capping/covering in the river and processing the dredged material for landfill disposal. **Careers Featured:** *Water Treatment Operator, Field or Design Engineer, Quality Control Manager/Technician, Health & Safety Manager/Technician, Operations Manager*

# CAKE & CAREERS

**EDUCATIONAL FOR YOU.**  
BENEFICIAL TO YOUR STUDENTS.

Series of 11 programs designed to assist educators in helping students explore a variety of career possibilities. Each Cake & Careers program will look at viable careers and the skill sets needed to be successful, followed by a facility tour.

Join your colleagues as you explore future career opportunities for your students. Programs are held from 4 p.m. to 6 p.m.

*Space available on a limited basis. Sign up today to reserve your space.*

## PLEASE NOTE:

- Registration for Cake & Careers is on a first-come, first-serve basis.
- An email will be sent to you with confirmation of acceptance into session, session details and status on waiting lists.
- If you cancel or do not show for two sessions you registered for, your registration for remaining sessions will be moved to the end of each session's waiting list.
- Staff Development sign-in will be done at the close of each Cake & Careers session.
- An e-mail address is required for all participants for notices of meeting changes.

**Don't have time to stop by?** Visit any of the Cake & Careers hosts or participating businesses at their Web addresses.
