

Careers on Wheels Registration Form

Start down the road to a great career!

Careers on Wheels is a unique and exciting program for third or fifth graders (depending on school district curriculum and choice). Cars, trucks, tractors, emergency vehicles, and people representing a variety of careers are brought to the school giving students an opportunity to examine, explore, question, and learn about different careers.

Careers on Wheels makes students aware of career options, links school with the world of work and allows students to meet positive career role models. Businesses are invited to bring hands-on experiences to area elementary schools.

If your school would like assistance with planning a Careers on Wheels session, complete and return this registration form or call Brian Johnson, Career Education Program Manager, at 920-593-3408 or e-mail bjohnson@titletown.org.
