The Partners in Education Drug Alliance invites parents, students, coaches, trainers and community members to a special presentation by John Underwood, founder of the American Athletic Institute.

**TUESDAY, MAY 11 • 6:30-8:00PM**

**De Pere High School Auditorium  
1700 Chicago Street, De Pere**

Drugs, Prescription Drug Abuse and Alcohol are destroying our students and are stealing the potential of our students academically and athletically. More than 40,000 tests have been conducted which prove the damaging effects of drugs and alcohol on the developing brain and athletic performance. In fact, one day drunk can undo up to two weeks athletics training.

**You are invited to come and see the results from the studies and  
learn more about how to keep your athlete strong and without regret.**
